Email: lcallahan@jamontgomery.com

Responsibilities

Liam Callahan is a Risk Control Consultant for J.A. Montgomery Risk Control. He consults with local governments on all aspects of safety and loss control issues. He is the primary risk control consultant to various Joint Insurance Funds throughout New Jersey. Callahan's responsibilities include, but are not limited to: loss control surveys, OSHA/PEOSH compliance, safety training, accident investigation, and job site observations.

Background

Callahan has 3 years of progressive experience as a safety professional. Prior to joining J.A. Montgomery, he served as an Industrial Hygienist for a nationwide engineering and consulting firm.

Callahan has extensive knowledge with OSHA general industry and construction regulatory standards. His previous responsibilities included providing regulatory compliance and health and safety services to public and private entities. He also provided indoor air quality assessments, microbial investigations and asbestos management services.

Education

Rutgers University- Bachelor of Science in Environmental Policy

Professional Designations

Associate Safety Professional (ASP)
